

BURNS DECLARES IRON WORKERS' HEAD GUILTY

NEW YORK, Dec. 8.—When Detective William J. Burns was asked about the McNamara ways and means committee's statement, denouncing the McNamaras' offences, he said: "You will notice that F. M. Ryan, the head of the Structural Iron Workers' organization, did not sign that address. The newspapers state that Ryan left for Indianapolis without signing the statement. Now, I will tell you why Ryan did not sign the statement: "It was because Ryan knew what the money had been raised for, and it was because Ryan himself was one of the men who were contributing \$1,000 a month for the McNamaras' work in dynamiting."

SANDFORDS INDICTED FOR DEATH OF SIX

PORTLAND, Dec. 8.—Rev. Frank W. Sandford, the head of the Holy Ghost and St. Mary's, which has attracted attention from all over the country because of alleged unethical practices in connection with the followers of the cult, was indicted today by the United States District Court, charged with having caused the death of six men while on his yacht, Comet. The indictment found against Sandford contains six counts. It does not charge murder or manslaughter, but simply declares that he "unlawfully, knowingly and wilfully" kept the men on his yacht with insufficient food and thereby caused their death. The coroner reached this port on October 21 last. Sandford was later arrested and detained on \$10,000 bail. He was in court today, ready to stand trial. **Secures Service of Lawyer.** All attempts on the part of the friends of the accused man to induce him to retain counsel have failed. "I want no lawyers," Sandford asserted. "I intend to leave my case in the hands of God." The Grand Jury today returned the indictments against Sandford, charging that he caused the death of the following men: George Hughes, Charles Hughes, Ralph Morrill, Stewart Wolf, John Butler and John Adams. Butler and Adams died here in the United States Naval Hospital after the arrival of the Comet at this port. Their deaths were caused by scurvy and starvation. The four other died and were buried at sea. The indictment charges that Sandford "intentionally, knowingly and wilfully caused the death of the said six men by neglecting to supply the necessities and furnish food for the said six men and passengers and that Sandford kept the yacht at sea from July 22 until October 16, that Sandford was the actual commander of the yacht, as president of the corporation." The Rev. Mr. Hollister, who is known as "Daddy of the Million," tried to induce Sandford to accept as counsel H. B. Coddige of Lisbon Falls, who has done legal work for the society, but Sandford declined.

Will Plead "Not Guilty." It was not believed that Judge Little would allow Sandford to proceed to his trial without counsel and it was expected that a lawyer would be appointed by the court to defend him. Sandford came into court today ready to go to trial at once. He said he was prepared to plead "not guilty" to the charges against him and leave the rest to God. When the Sandford yacht put into this port in October, it was in a badly battered condition. Where were the bodies of the six men? They were found in the hold of the yacht in a state of extreme exhaustion and starvation. One of the men on the boat was the Rev. Mr. Hughes, who was a member of the Holy Ghost and St. Mary's. The other five were laymen. On the Comet were Sandford's wife and their five children, as well as the survivors of the wreck of the ship, which took place off the coast of Cape Verde Islands in April, 1911, and the Boston AMERICAN and sent to the Rev. Mr. Sandford.

Bravery Shown by Miss Sears. Because of an injury to her knee, Miss Sears was unable to ride her horse at the Park Riding School. She showed tonight, or tomorrow. The injury is not keeping her out of the ring altogether, however, as she appeared tonight seated in a carriage and driving. She says that she will drive other horses during the show. The accident, which has reduced Miss Sears to using a cane, occurred about three weeks ago, when she was skating at the Arena with a party of friends. She fell on the ice and the bruise developed into a severe case of erysipelas. Miss Sears' place in modeling on appearance in the club in spite of the condition of her knee reveals her singular bravery. Miss Sears' tennis tournament, her first since the accident, was held last night.

First Pictures of Consistory. The American today has the first pictures of the investiture of Cardinal O'Connell, which were taken in New England. These pictures were especially taken for the AMERICAN by Underwood & Underwood and reached in Boston by the fastest express route. An event in the history of the Catholic Church of New England has created such interest in the honor given the Cardinal. The AMERICAN not only sent the special commission, O'Connell's Cardinal, to Rome to take photographs describing the ceremony of the investiture of Cardinal O'Connell, but also sent the special commission, O'Connell's Cardinal, to Rome to take photographs describing the ceremony of the investiture of Cardinal O'Connell. These photographs are not only the first published in Boston and New England, but they are the first photographs of the ceremony published in America. The AMERICAN is in keeping with its tradition of being the first to publish accurate news and the best pictures of the world's great events to be published, first and best.

Dr. Supple to Princes Greet. The Rev. Dr. Patrick J. Supple, minister of the Church of St. John, Boston, and one of the closest friends of Cardinal O'Connell, it was learned from Boston today, will be honored by auxiliary bishop of the archdiocese of Boston. This action is to be taken at the Vatican, because of the fact that Archbishop O'Connell has been made a cardinal. This does not remove the cardinal of his power, as archbishop, but makes it advisable for him to have an assistant. It is said that the appointment will be made officially in Rome on December 17. The announcement will give great pleasure to the hosts of friends of Dr. Supple. Dr. Supple is now in Rome, being a member of the ecclesiastical party that sailed from Charleston on the Olympic, just before the memorable battle of the Black Sea when the boat left for Naples. Dr. Supple was born in Holliston about forty-seven years ago, the eldest of a large family, several of whom have won distinction in the church, two of whom he holds himself have earned the honor of doctor of divinity, all three being graduates of the American College at Boston. He was educated in the public schools of Holliston, and later entered Boston College, from which he graduated with the class of '85. He studied at the American College at Rome for four years, when he was graduated, and after that he took a graduate course at the same institution. Dr. Supple was for several years connected with St. Peter's Church, Cambridge, of which the Right Rev. Mr. Edward J. McLaughlin, archbishop of the diocese, is the pastor. He accompanied the Cardinal on his diplomatic mission to Japan and later was appointed administrator of St. John's Church, Boston, just before he was elected to his present position.

Deserted the Day After the Wedding. WORCESTER, Dec. 8.—Louis H. Willey of Northboro and Rachel E. Willey of Southboro were in the divorce court here today to testify the statements of Capt. Wm. Finney says she was deserted at breakfast on the morning after her marriage. She married Thomas W. Finney, she says, at Westboro. The next morning Thomas deserted her. She had a photograph taken of her. She was going to side with her husband. She took a beating from her husband the day after the wedding. She said "Thank you," when he had given her a beating. She was going to side with her husband for desertion, and Mrs. Willey secured a divorce from him. She is now in the hands of the law.

MEN CAPTURED WITH BAD COIN

With its arraignment to-day before United States Commissioner Hayes of three men charged with counterfeiting, the police believe they have rounded up part of the gang that has been floating several New England cities with spurious half dollars. The three men, still held in Lawrence, were arrested last night at the North Station by Boston inspectors.

Federal inspectors are to-day at work in Lawrence, aided by the local police, searching for the plant where the counterfeit half-dollars were made. The search for several days past has been looking for these men. "Quer" money has been circulated in Providence, Woonsocket

Douglas of police. Last night they received word from Pittsburgh that an Italian had passed counterfeit half dollars in that city and was on his way to Boston. They were alerted to the North Station, and when the train pulled in three Italians jumped off. They were arrested, they gave up their names as Rosario Ragoneschi, Lawrence De Gloria of No. 15 Oak street, Lawrence and Constantino Corsentino, No. 169 West street, and they had \$140 in counterfeit half dollars and \$23.40 in nickels, dimes and quarters. The police believe that he has passed half of his haul in New York City and Pittsburgh. De Gloria had only one half dollar, and Corsentino had twenty cents.

On Christmas afternoon, the police believe that the men intended flooding the

start in Fitchburg and work toward Boston during the Christmas week.

The coins found in Razouani are excellent imitations except in weight. The ring of every coin was good, and each was dated 1910.

Fifty-one places have been found in Fitchburg where had money was passed yesterday.

All of the banks have been notified to be on the lookout for counterfeiters.

GEN. STRATTON
LIVED DUAL LIFE

NEW YORK, Dec. 8.—General Horatio Stratton, commander-in-chief of the United States Army, and one of the most distinguished military leaders of his country, died at the very day of his death a double life. It was revealed before his death in Brooklyn.

Stratton had one wife in Philadelphia and another wife and three children in South New Jersey at Passaic. He held his two families and lived himself from them by the old pre-war business trip. Scores of thousands of Sunday School boys, called "Christian soldiers," looked up to the "big, handsome general" as a model citizen in his life.

General Stratton was born in New York and for years an army officer. When he died, May 17, 1904, he was major general. He was a wholesale leather merchant of Manhattan as well as a prominent figure in the religious and social life of Brooklyn.

Two women in whose names were named the Stratton's Court and had claim to be the daughter of General Stratton. One was in Westchester road, two buildings to Hurry street and several back accounts.

The older woman said she was Mrs. Maria Maria Stratton of Passaic, Gloucester County, N. J., who died in 1882. She was married to Horatio Stratton, who died in 1882. She was married to Horatio Stratton, who died in 1882. She was married to Horatio Stratton, who died in 1882.

John F. Hurley, former Mayor of Salem, has received his first Christmas present of the season in the shape of a razor and a letter from his friend, Arthur Howard, who is a former Mayor of the city and one of the aspirants for the office this year.

The Stomach Welcomes Quick Relief

A Stomach that not only aids digestion but actually does the digesting. In other words, it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach, therefore, is not called upon to do any of the work except to secure the juices furnished by the cells and glands of the stomach.

GET GOOD BROWN BREAD RETURNS

Brown bread at \$5 a loaf would be a pretty good return, don't you think? That the Boston American has an even better offer than this to New England housewives. They don't have to cook the bread at all. All they have to do is to write out the recipe, the best one they have, and send it to the Boston American. The next best thing they will have is an award of \$5.

Now there are several ways to look at this offer. One is to contrast for the price with the one that they will make. Another, the way that will make the most sense, is to contrast for the price with the one that they will make. One-half pint flour, 1 pint Indian corn meal, 1 cup molasses, 1 cup sugar, 1 cup water, 1 cup shortening, 1 cup salt. Mix all together, and bake in a loaf pan. When it is quite cold, use it to mix dough for a loaf. Place it in waterpan and bake in a loaf pan. When it is quite cold, use it to mix dough for a loaf.
